HOWTO: Securely consuming secrets in Azure Container Apps

NIC
EMPOWER

who am I?

managing cloud advisor @ capgemini

16+ years in IT

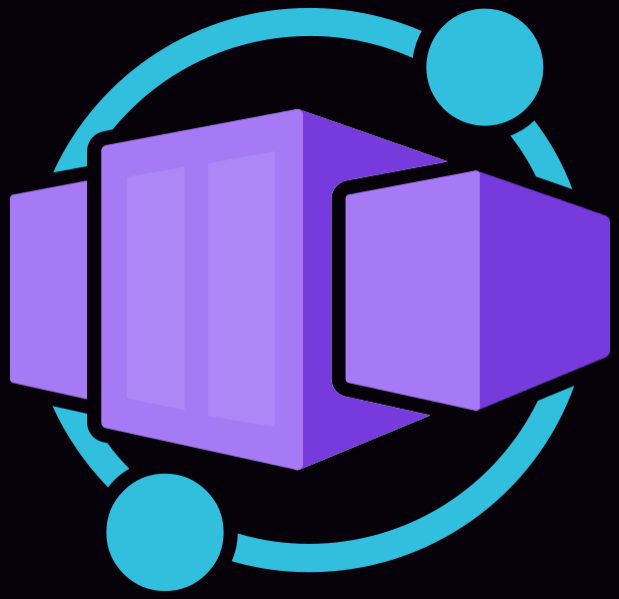
a guy who hates seeing secrets in code

container instances vs
container apps vs
kubernetes

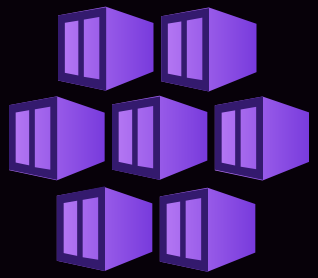
oh my!

easy

limited



difficult



powerful

NIC
EMPOWER

which one should you choose?

project complexity

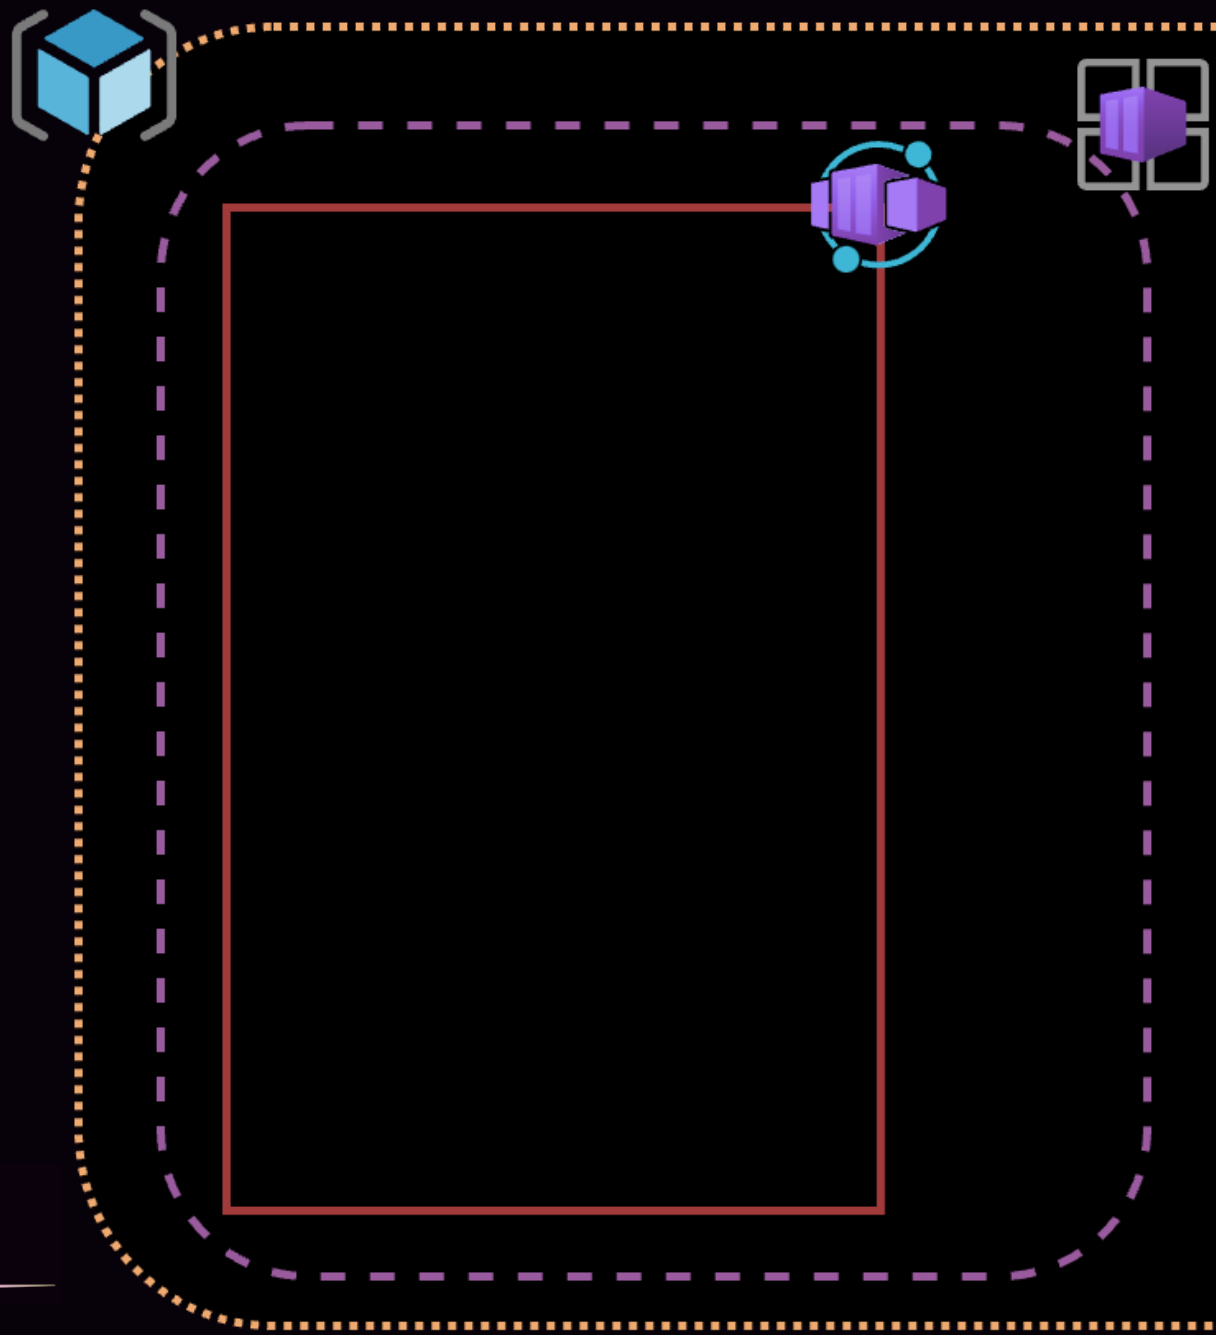
required flexibility

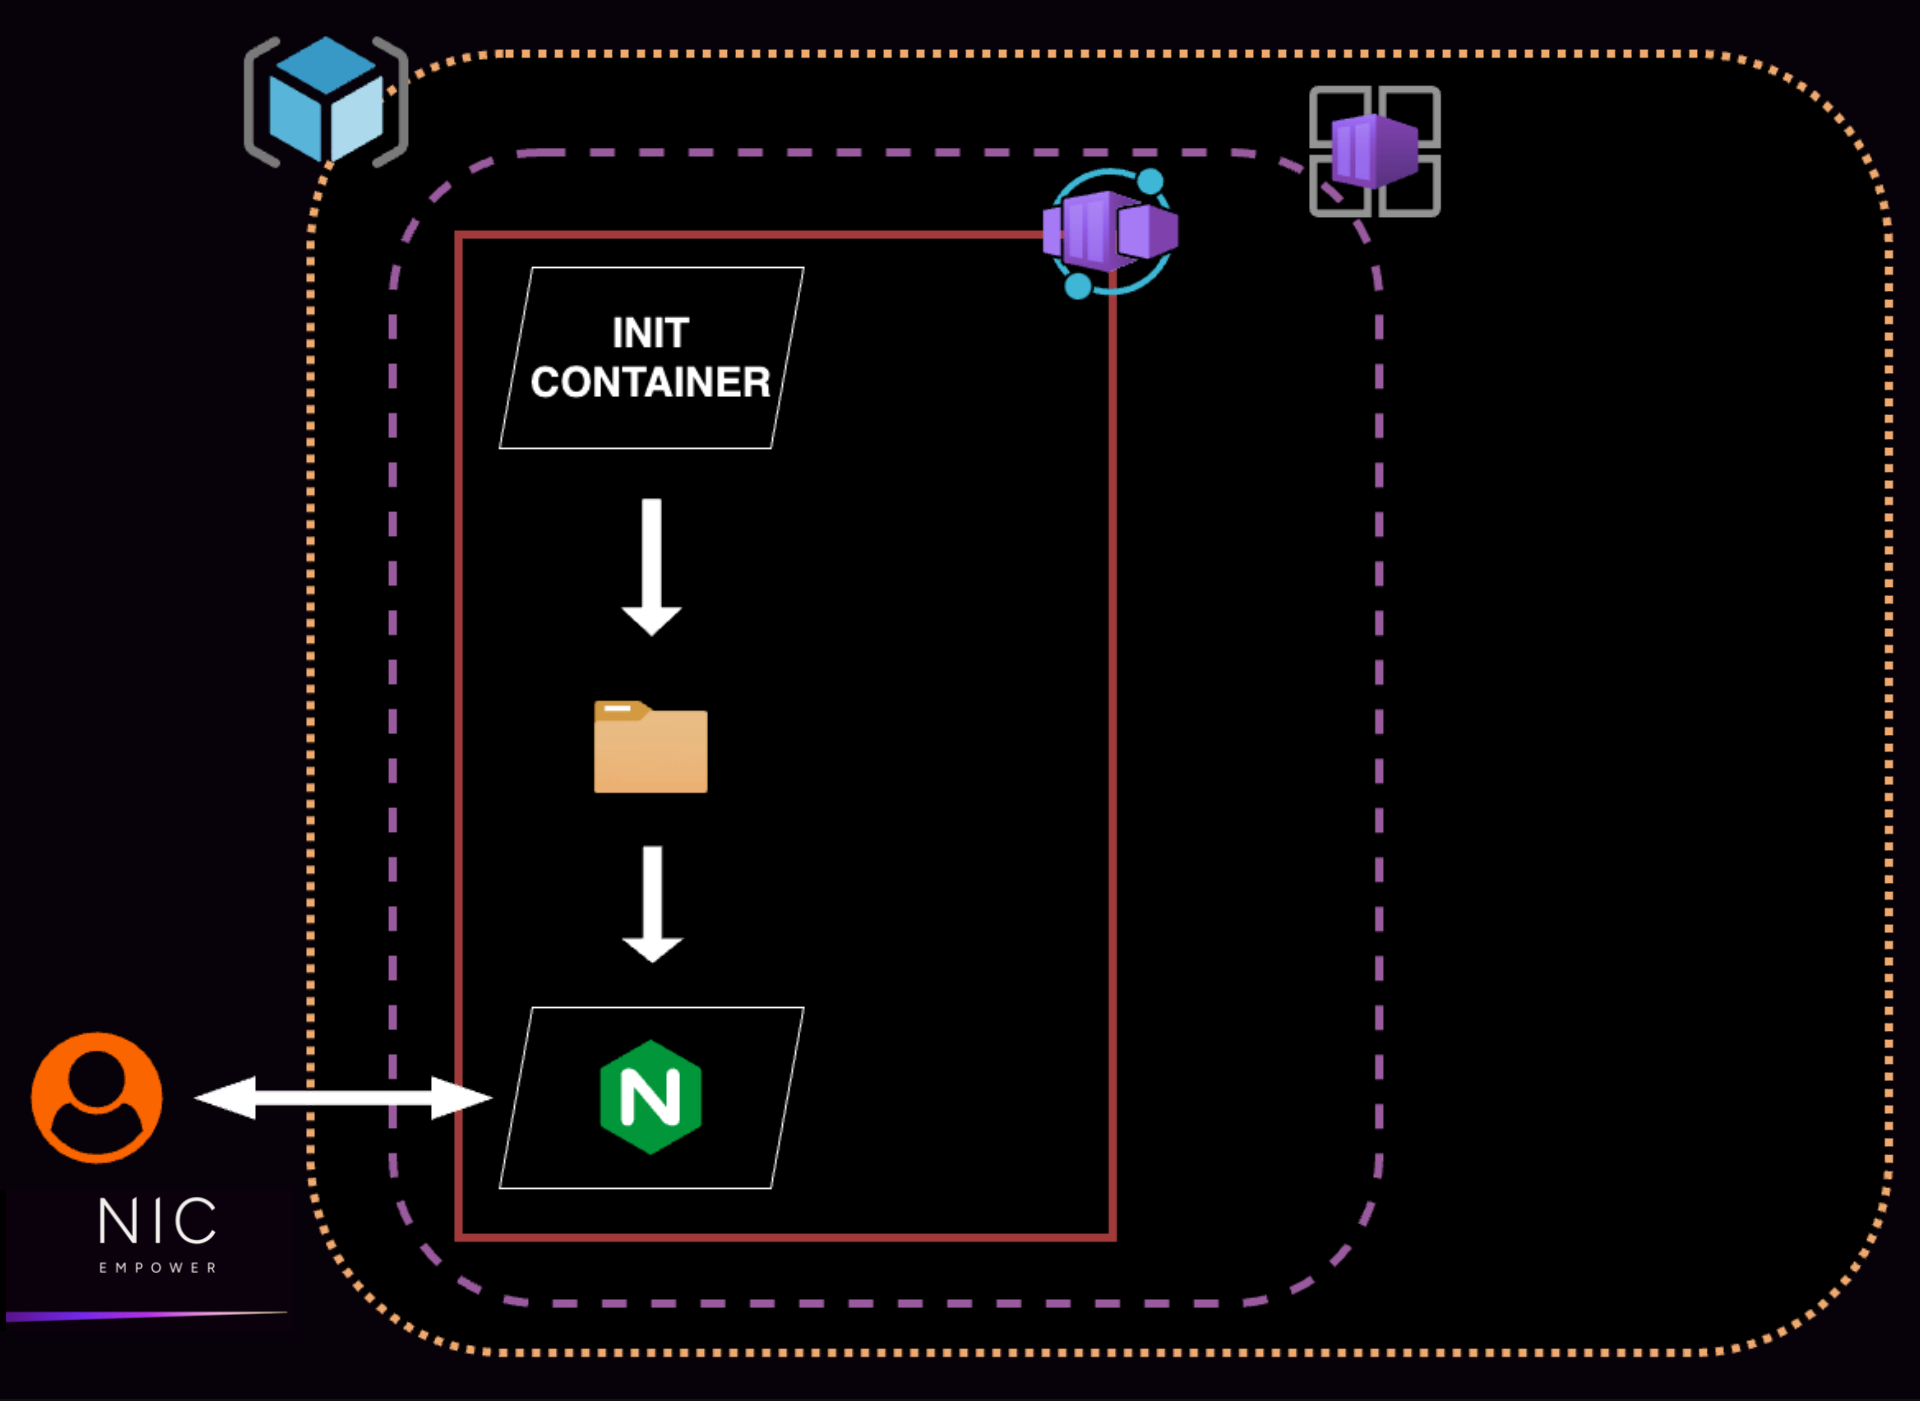
team size

what about secrets?

NIC
EMPOWER

let's build a container app!





INIT
